The yearbook staff of Friends Girls's School has decided to dedicate this year's yearbook to someone who has been loved by everyone who ever met her. Sina Mansour Hutchison was a woman who had love and joy to share with the rest of the world. She had compassion and sympathy for all, and was never without a kind word for those in need of one. Anyone with a problem found Sina always ready to listen. We all went to her in times of loneliness and despair. And we went to her in our happy moments as well. She was trustworthy and loyal, and always had good advice to share.

Sina shared her knowledge with the Ramallah community by teaching at F.B.S. and F.G.S. She had a beautiful singing voice and played the piano and guitar.

Don Hutchison, one of our most loved teachers, was fortunate to share a few years of his life with Sina as her husband. Sadly, he and his children, Ramzi and Rana, were forced to give Sina up on June 26, 1982, when God decided to take her into his care. For the last few years before her death, Sina had been fighting a courageous but losing battle with cancer. Unfortunately for all of us, we lost one of the finest examples of Palestinian good will and hospitality. We shall always treasure the moments we shared with her, and her laughter will forever echo in our ears.

SINA

Noisy laughter, vibrant smile  
Sense of humour in the midst of trial-  
All of these are Sina

Scrabble games and tennis shoes  
Suntans and winter moons-  
Roaring fires and old folk-tunes-  
All of these are Sina

Sleeping late and wearing jeans  
Singing songs and dreaming dreams-  
All of these are Sina

Being bossy-- being mad-  
Being joyful-- being sad-  
All of these are Sina

Palestinian to the core-  
Patriotism in every pore-  
Wanting justice at every door-  
All of these are Sina

An independent, winsome lass  
With raven hair- a touch of class  
All of these are Sina

The pictures frozen in this frame of  
Children -- weddings- vacation days-  
All of these are Sina

Her love of life a memory clear-  
Her laughter in our ear-  
A spirit--oh-- so very dear-  
All of these are Sina.

# NANCY NYE OUR PRINCIPAL!

The end of the school year brings a time to look back, a time to recall the memorable moments of the year. My memories include... the beginning of school in October... the Christmas season, made more joyous for many because of the generous White Gifts... the winter of snowy Saturdays... the fun and excitement of "The Wizard of Oz"... the tension and anxiety of examination weeks... the anticipation of the end of another school year. These and many other memories are captured for each of us in this yearbook.

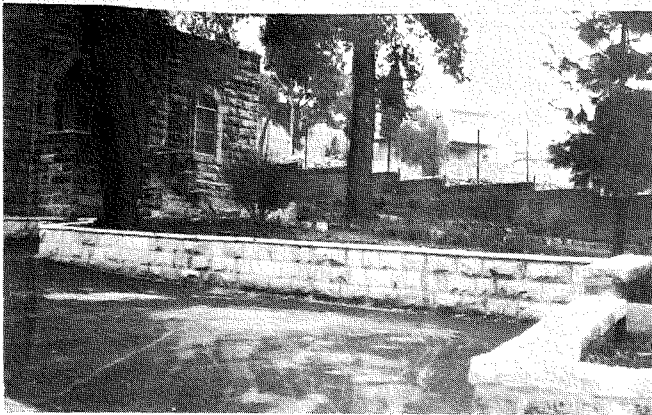

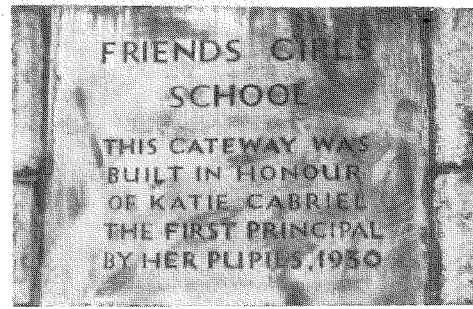

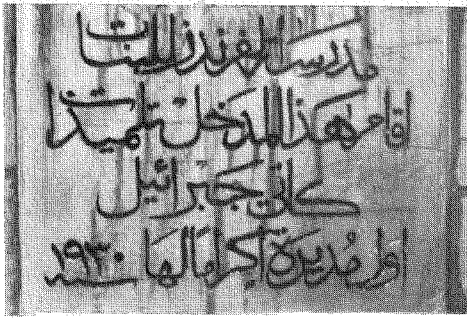

Pictures, however, cannot express all that has happened this year. Knowledge and learning have increased. Friendships have grown stronger. Interests and abilities have developed. Concern for our community and society has heightened.

The end of the school year is both a time to look back and a time to look forward. The opportunities of the future will be many. May we live the days of our future in such a way that our memories and the memories of those we live with will be good ones.

*Nancy Nye*

#### 1982-1983

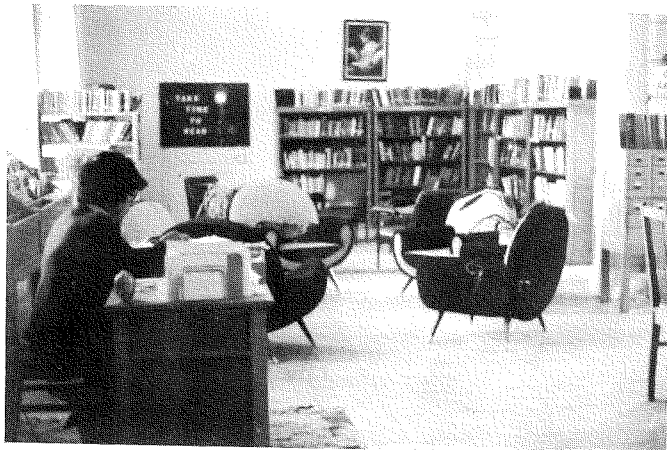

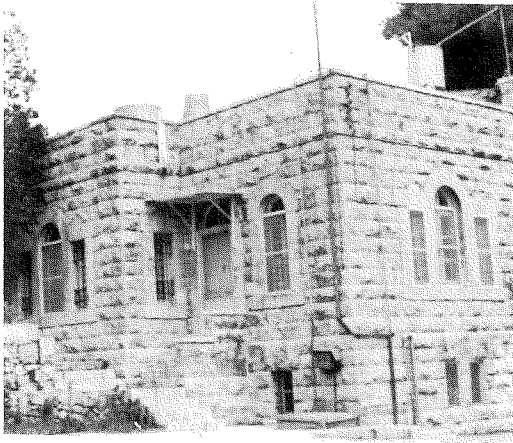

Friends Girls School, founded by Quakers in the year 1889, continues to live up to the high standards established in its early years.

Academically and socially, our school has much to offer to its students.

F.G.S. is a bilingual school, with students taking classes in both English and Arabic. By the time they graduate from F.G.S., students are fluent in both languages.

This year, F.G.S. embarked upon a number of new programs to even further improve its academic excellence. For the first time in F.G.S. history, a Science section was opened. Also, the Arts Program, previously optional, was made mandatory. And, thanks to some fun-loving teachers, girls of all ages were enjoying gymnastics and aerobic dance classes.

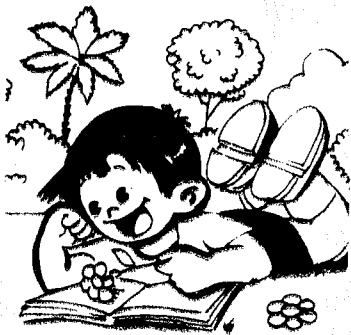

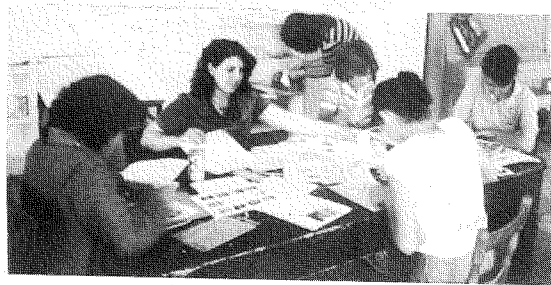

F.G.S. has a fine staff to help keep our educational level high. Our teachers work hand in hand with our principal, Miss Nancy Nye, to make the school's atmosphere pleasant and enriching. Thanks to all of them for making this year the success that it was!

# LIBRARY

This year the F.G.S. library was redecorated to make it a more pleasant place to be.

Thanks to Miss Seham Halteh, students have a relaxing atmosphere to study in. And on those cold winter days, when everyone needs a refuge, our girls gather around the library's heater and Miss Halteh's smile to keep warm.

School this year was filled with many joyful moments, and many that were sad. We, the yearbook staff, hope that we have captured if not all, then most, of those memories.

We spent long hours in school trying our best to make this a special yearbook. **إنشاء الله** we haven't left anyone out of it. Enjoy yourselves as you flip through the pages. And, may you always treasure the memories you have of F.G.S.

# Secondaries

# SENIORS

Out of the whole school, it must be admitted that last years "Animals" are this year's most studious class. They were never fully prepared for a test and always managed to have the teachers postpone assignments.

This does not mean, though, that they were not trying. One could always see them pacing back and forth studying in the sun.

We want to wish this graduating class the best of luck in their futures. Life is not always easy and you'll find that you can't always postpone difficult events.

Nevertheless, with faith in God and faith in yourselves, you are sure to make it through!

Discontent is the first step in the progress of a man or nation.

Secondary One's opinion of themselves is that they were a very fun-loving and hard-working group of girls. They are well known for the fun-loving part of that description. One afternoon last November the class found itself off from school because of an absent teacher. Rather than go home, some girls went up to class and started acting like the 'kids from Fame'. Unfortunately for them, Miss Nye happened to be passing by. She dropped in to see what the noise was all about. She was shocked to find girls standing on desks and dancing to a loud tape.

To show them that they were not the cast of 'Fame', she gave them three chapters to read and 30 questions to answer. That convinced them that they were just Secondary One girls after all!

# THE PREP'S ❁

A strong wind came our way this year and blew members of the Prep III class away. When the year started, there were 23 students in this homeroom, but as time went on, the class dwindled down to 20. The first girl to leave was Suzie Barakat. She was soon followed by Dena Hussein, and then by Rosan Kahok.

Members of Prep Three participated in a few school activities. Some were members of the Sunshine Society and Yearbook Staff.

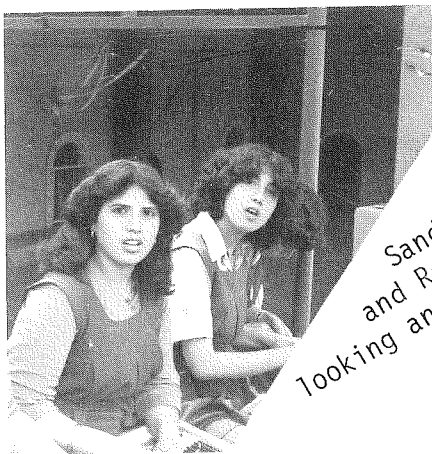

The class was loved by most of the school. Even teachers and Miss Nye like this class!

Whenever someone shouted or screamed in school, you could usually bet that it was a girl from Prep. Two. This class must have been the noisiest group of girls in F.G.S. While walking through the halls (with classes in session!) they'd sing as loud as they could. Their voices were constantly floating in the air.

We do owe them some thanks. Because of their laughter and jovial spirits, school was an interesting place to be.

This years Prep One class proved to be very friendly and courteous. They were fun-loving, but also hard-working. All of the Munchkins for the Wizard of Oz came from this class. It was obvious to everyone that they have a lot of talent.

In their classroom, this group of girls often tend to get out of hand. Teachers sometimes end up trying to shout above all the noise. That's why they ended up getting one pop quiz after another in English Science class!

# Science Section

One of the additions to the school this year was the Science Section. Miss Nye first thought of making one because some of our finest students were going to F.B.S. because it offered sciences and we didn't.

Our Science Section was begun by giving new classes. These include Physics, Organic Chemistry, and extra courses in Math and Science.

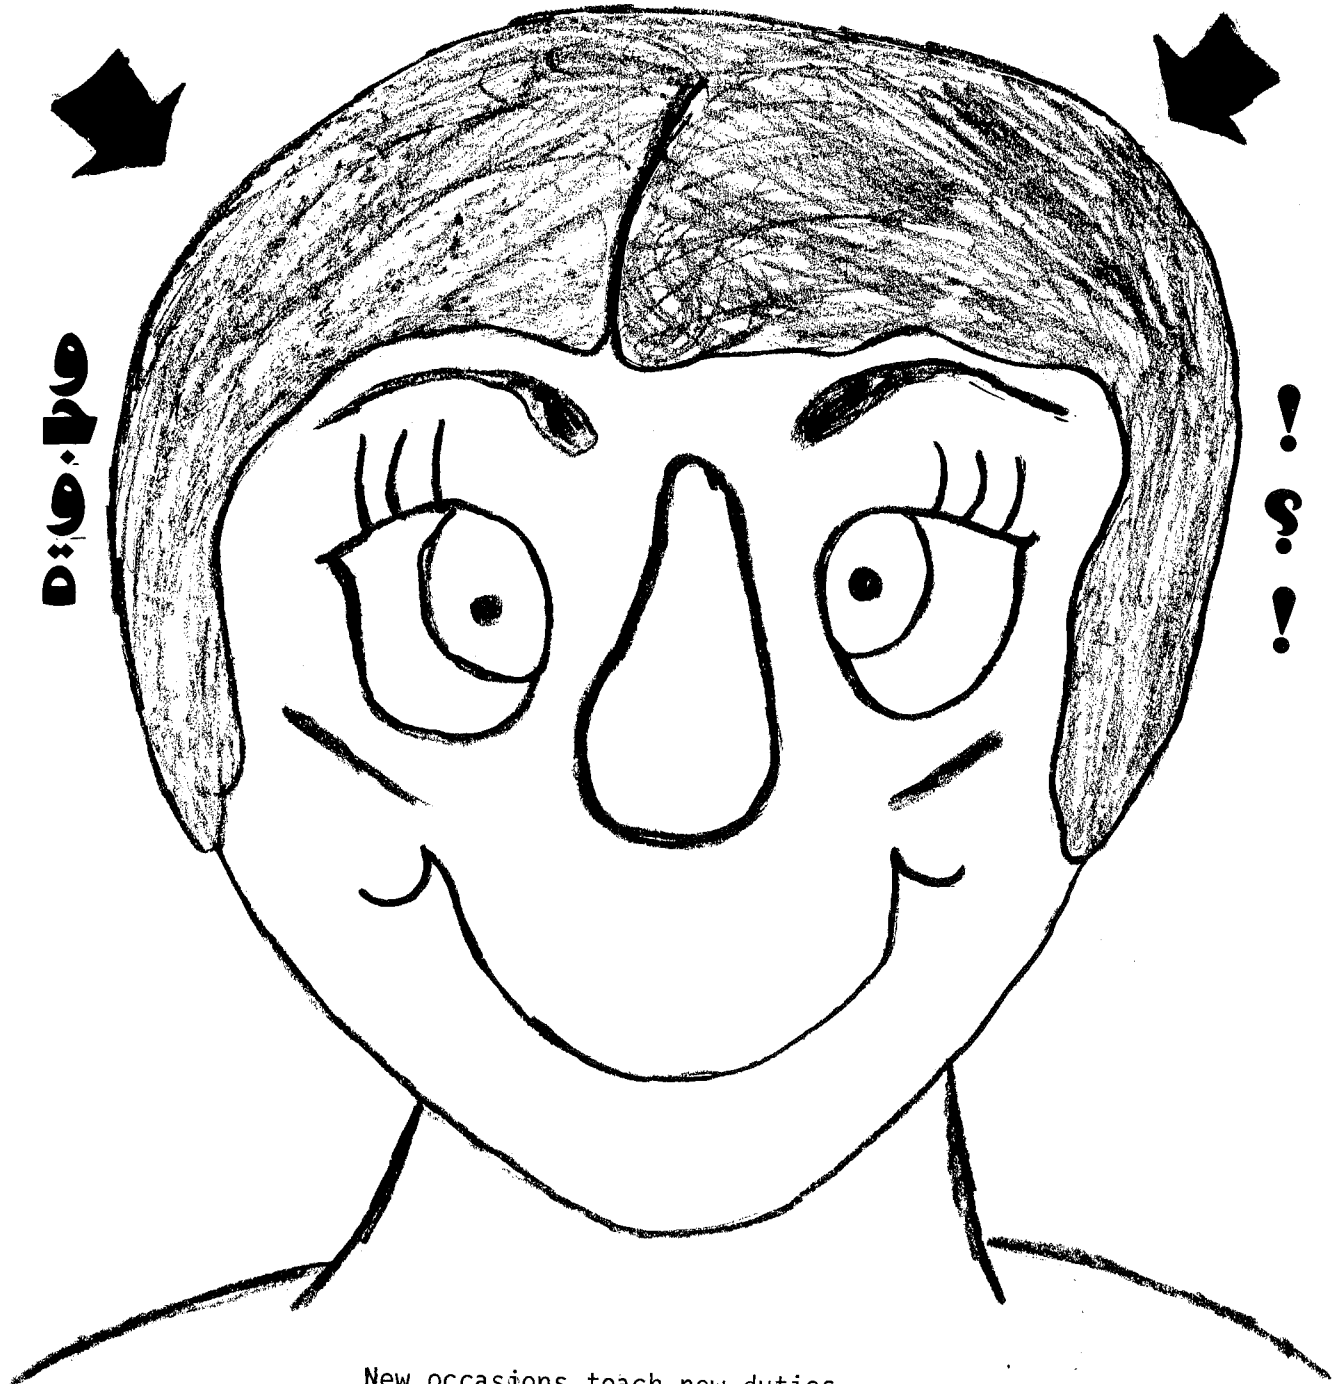

Everything seems to be going well. Of course, it would help to have a bigger laboratory and extra classrooms to study in. Things are always difficult at the beginning. We hope to be able to enlarge the Science Section in the near future.

Just look around the school during those times and you will see many mouths moving. Jaws go up and down and stomachs stop growling. Sometimes, students are caught eating in classes when they shouldn't be. Shame shame!

Beat it! We're  
trying to eat.

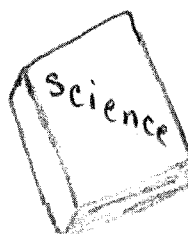

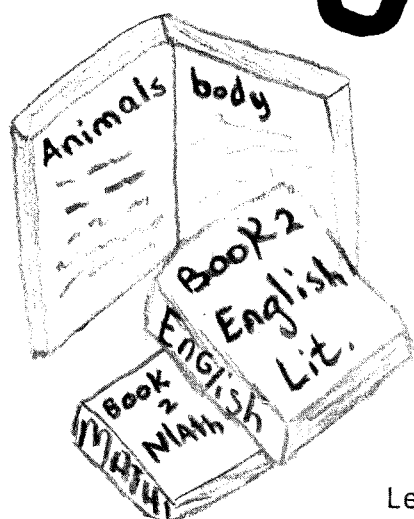

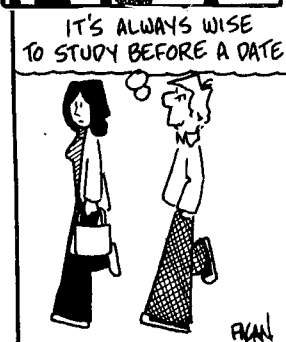

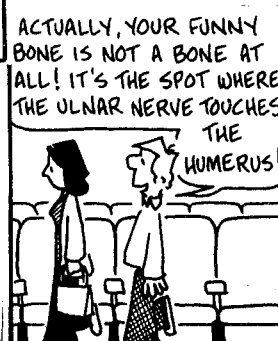

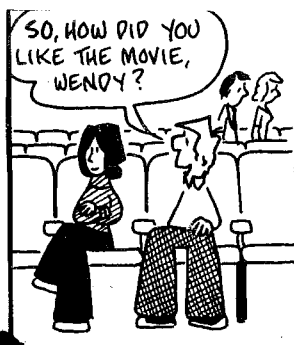

OOOOHH! This is  
DELICIOUS!!

Trying to dream that  
this Egosi is a Snickers.

# Study Time

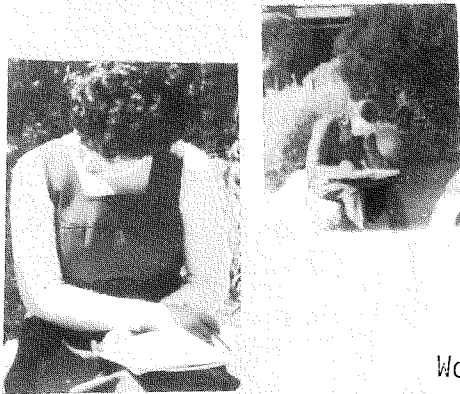

Let us do or die.

Lillian taking a test.

Closing your eyes is no way to study.

Peeking at someone else's work.

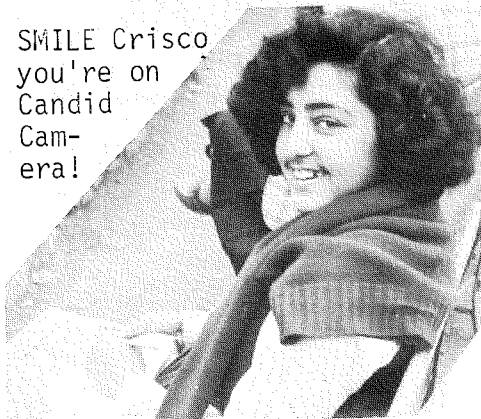

Worried about the test.

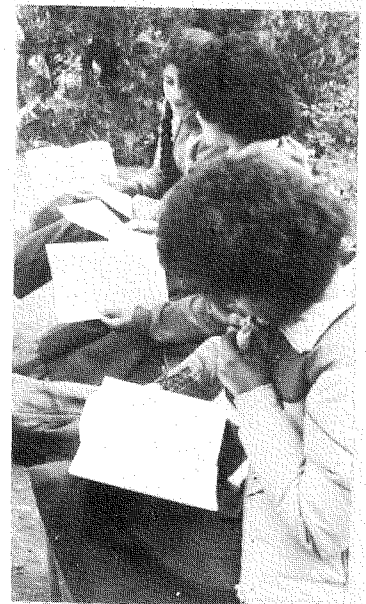

Being serious out on the grass

SMILE Crisco you're on Candid Camera!

Arguing won't help get good grades!

Eating and studying don't go together.

Even studying is better in couples!

Oh my, why did I forget to study?

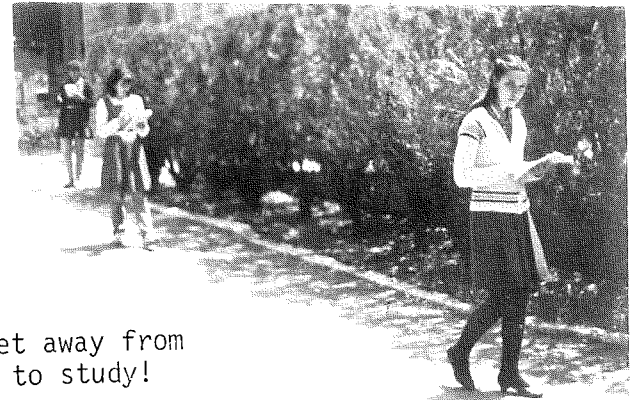

Secondary Two taking a test.

Talking over their problems with the books.

Abir in heavy concentration.

Everyone get away from me. I need to study!

Those Prep One girls really study hard!

Miss Talent of F.G.S. preparing her next work of art.

Yasmin, how can you study with music on?

ALL THINGS ARE DIFFICULT BEFORE THEY ARE EASY.

All things are difficult before they are easy.

## THE STUDENT ASSOCIATION

At the beginning of the year, the Student Association had a Co-ed bonfire with FBS. All students from Prep III to Sec. III were invited. Everyone had fun, especially those who were daring enough to jump over the fire.

On Teachers' Day the Association held a luncheon to honor our deserving faculty. We hope everyone enjoyed it.

The trip to Jericho was sponsored by the Association. Everyone came home tired, but we still made it to school the next day.

Much of what had been planned for the year was cancelled because of all the school closings. Hopefully, next year's Association will be able to do more.

## Basketball

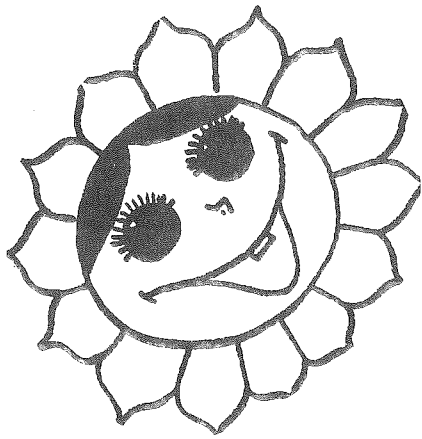

This year, our basketball team had a lot of fun even though it was defeated in most of the games. Their ability was built up by the end of the year, though, and so they won the final game, and the trophy that went with it.

He that wrestles with us strengthens our nerves and sharpens our skill.

Hope, like the gleaming taper's light, adorns and cheers our way;  
And still, as darker grows the night, emits a brighter ray.

One of the biggest events of this school year was the production of the Wizard of Oz. A lot of hard work went into making this play the success that it was.

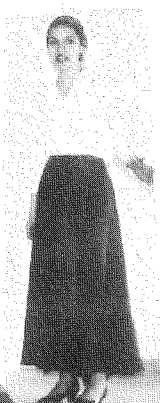

There were people responsible for costumes, set designs, lighting, makeup, choreography, music, and much, much more. The cast was excellent and all of F.G.S. was proud of the superb results.

The play was presented here at F.G.S. and at the Y.M.C.A. in Jerusalem.

We hope this is the beginning of many more fine performances.
