Palestinian Education Since 1889

PURPOSE STATEMENT Ramallah Friends Schools

The Friends Girls School and the Friends Boys School of Ramallah and El-Bireh strive to be leading educational institutions in the Palestinian community. The Schools were founded in 1869 and 1901 respectively, for the purpose of offering Palestinian youth a rigorous academic program undergirded by the principles of the Religious Society of Friends (Quakers). Central to Quaker education is a vitality which comes from being a living expression of a religious life. Friends education seeks to promote a constant search for God to all human situations, and to cultivate ethical, moral and spiritual values.

The Friends are committed to:

- * Excellence in education. Quaker education calls for high academic standards and a willingness to experiment with new methodology and curricula.
- * Developing the whole person. Quaker education is committed to helping each member of the school community realize his or her physical, mental, spiritual, and social potential. It recognizes that every person is different, with varying abilities which must be developed to the full extent possible.
- * Helping each person recognize her or his responsibility to society. Quaker education is committed to helping each person recognize her or his responsibility as a caring member of the school, community, nation and global family where "each lives for the other and all live for God." The Schools are committed to nurturing character traits such as integrity, simplicity, honesty, cooperation and compassion. The Schools believe in and encourage freedom of thought and expression. They expect, however, that this freedom be enjoyed with a full sense of responsibility. Quaker education advocates non-violence as a viable option for resolving conflict in every aspect of life. These values are best learned through the example and practice as students, teachers, parents, workers and administrators interact with each other.
- * Equality. Quaker education believes that all people are equal before God regardless of gender, creed, culture, color or social status. Quaker education in Palestine has focused from the beginning on the education of women to develop their potential and realize their opportunity to be equal members of their community. Quaker education is built on the belief that "all are children of God" and that within each person "there is that of God to be nurtured."

It is upon this foundation that Friends Schools' students grow to be stron and sensitive members of their families, their community and the world in which they live.

FROM THE PRINCIPAL'S DESIG

Spring is here again, and as we prepare for the end of this school year and begin to look ahead to the coming year I find myself wondering how quickly time passes by. As I write this message for our yearbook, I am satisfied of what we have accomplished and of the school's goals for the future.

FGS is an active place, teeming with children and their activities. Lessons, schedules, deadlines, homework, tests, meetings,... students and teachers working hard every day to achieve academic excellence. But FGS focuses on growth in other areas as well.

In August this year, teachers participated in a three-day workshop on the "Contained Classroom" and "Drama in Education" designed to help them adapt their teaching methods to new class models. We upgraded half of our computer inventory and provided the teachers and staff with computer instruction to allow them to utilize all tools available in their lesson preparations. I believe that teacher training is the best investment a school can make, and as an administrator I do not exclude myself from it. In December, I attended a two-week intensive

school year.

All of these achievements would not be possible without the support and involvement of the entire school community. Students, teachers, parents and administrators can all take pride in what we've done, and what we plan to do. To all of you I extend my sincere thanks for your continuing commitment to our goals. Working together everything is possible.

course in "Educational Management" in the Galilee College. The professional growth of FGS' teaching staff is a key component in reaching our overall goal of excellence in education.

In the area of renovation, both of the tennis courts and the entrance to the preschool were renovated. We are moving forward with plans for expansion, and hope to have new classroom space available by the 1999-2000

Camping on October Tenth by Jawad Hamad

It was the best night of my life. I never stayed up all night and I've always wanted to. It was so cool how I saw the moon, the stars, and Jupiter and Saturn. I saw them through the telescope and they were all beautiful. Mrs. Vera was smart to come up with an idea like that. Aboud fell asleepso I stayed up by myself only for two hours. Mrs. Vera looked very tired. We sat around a big fire and watched the stars. I also played basketball (one of my favorite sports). I played soccer at at six o'clock in the morning. I never played soccer that early. The

next day we ate a big breakfast and after that thank all these teachers: Mrs. Vera, Mrs. Marlene, Ms. Rula, and Mr. Allyn.

ولم ننام ومن بعدها صرخت علينا العلمة لآننا لم ننام فبعدها مثلنا اثنا ثمنا فبعدها قمنا وبعبنا حول النار ومن بم دهبنا إلى الغفة وقتنا لها الناعة التاسعة في لنلعب كرة القدم فلم تقبل .فعندما أتى الفجر لعبنا ومن ثم أكلنا شوكو وبعدها أكملنا اللعب وبعدها أكلنا حمص وفول وشربنا عصير وعندما صارت الساعة التاسعة في الصباح الباكر ذهبنا إلى بيوتنا ونمنا حتى صباح اليوم التالي.

Comments: Adi Asali: "After looking through the telescope at the moon and Saturn, we had a dinner of pizzas, cakes and soft drinks... and we sat around a bonfire and the teacher gave us a lecture about the planets we saw."

Camping by Fadi Quran

Camping was one of the most fun things I ever did in my life! It was so much fun and I was so exited about it! It made me feel free from my parents. It was a very tiring night and I didn't close my eyes for twenty eight hours but my friend Mustafa brought a tent for us. My best friend Adi and I tried not to sleep because every time someone fell asleep, the girls put make-up on our faces. We saw Saturn and Jupiter when we looked through the telescope. Saturn looked cool. It had rings around it and it was moving fast. Jupiter looked like a dirty brown plate and the moon looked like a dirty golf ball. There was a bonfire and we threw fireworks in it. We played basketball with the teachers that came: Mrs. Vera, Mrs. Marlene and Mr. Allyn & Mrs Diana. In the morning we played soccer. At 8:30 we ate breakfast and we played until 9 o'clock when my mom came and took me home.

Fadi's mom: "The overnight camping was an exciting and different experience for Fadi. He was excited for two days prior to the event and still even more excited afterwards. His interest in stars continued as he kept looking at stars and asking questions. This was a social and learning event that left a good impression on Fadi. Thank you all for your efforts."

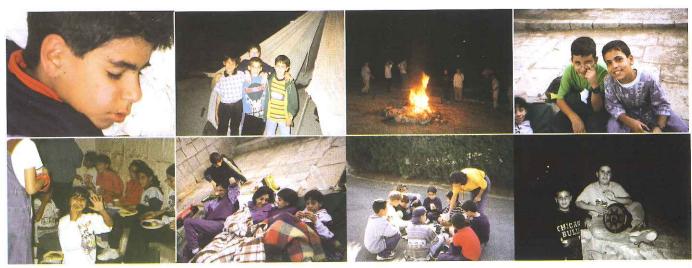

Cairo

Deena Zaru: "Saturn was the nicest and most colorful planet." "We didn't sleep. It was the most wonderful night, but I got sick and had to miss two days of school." Deena's mom, Carol: "...A creative idea and an excellent way to make science class more exciting."

Halloween 1998

On Saturday November 7, 1998 the Friends Girls School put on a Halloween party. It was nice and so much fun. There were games and a wonder-teller and there were nice costumes like ghosts, witches, vampires, zombies and other scary stuff. Mr. Allyn and Ms. Rula ran the Halloween party and the yearbookstaff helped and decorated for the occasion. They all workedso hard and there was a bake sale. The yearbook staff sold juice, cakes and pastries.

The Halloween party was two hours. Nadia Arroury was the wonder-teller and the games were in the school's Swift Hall, in the hall of the Friends School. And thank you Mrs. Diana for letting Mr. Allyn and Ms. Rula put on a Halloween party. Also thank you very much Mr. Allyn and Ms. Rula for putting on the Halloween party.

Trip to Tiberius and Nazareth on Novemver 19th by Adi Asali, 5th grade

It was a beautiful trip and a good idea from Mrs. Vera. In the morning we went to school where we got onto the bus and finally we were on our way. There was rain and cold weather on the way to Nazareth. We arrived at eleven o'clock then we went to the Roman Catholic Church and we saw Ein Mariam. Then we went to Tiberius. We swam there then we ate some food and went fishing. We played football then we bought icecream. We rode the ship and danced on it while crossing to the other side. We then rode the bus again. On the way a rock broke the window. We were all scared. Then some young men helped us. One of them drove the bus and the other two boys took the bus driver to the hospital. We then went to Jericho, took a break and then we went to changed buses and returned

رحلة إلى طبريا

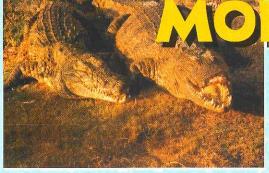

لقد ذهبنا مع المدرسة رحلة إلى طبريا فى تاريخ 1998/11/19 يوم الخميس. لقد سبحنا و ركبنا السفينة على شط بحيرة طبريا ورقصنا وغنينا في الباص وذهبنا إلى كنيسة البشارة في ألناصرة وكانت رحلة جميلة رائعة بين ربوع وطننا وكانت مثالية لأنى تعلمت منها بعض الأشياء المفيدة عنّ وطني. لدرجة إنني كنت لا أريد العودة الى رام الله .كنت فرحة جدا وجميعنا كنا سعداء و قد أكلنا بوظة من ماكدونلد وقد دفعت لنا مس فيرا ثمنها القد فرحنا وكنا سعداء وقد لعبنا إنشاء الله أن تنكرر هذه الرحلة في حالات اجمل.

رحلة إلى طبريا والناصرة

عندما ركبنا الحافلة قلت في نفسي , هل ستكون الرحلة جميلة أم سيئة, ثم قطعنا ساعة ونزلنا إلى كـنـيـسـة البشارة , هناك يوجد عين ماء شربت منها العذراء , و هناك تستطيعا أن تلقى أمنية وإذا كنت جيدا مع الله تتحقق. ثم ذهبنا إلى طبريا , ولقد تفجرت البراكين هناك, التي كانت على زمن الروم. و هناك يوجد السفن لصيد الأسماك و الكائنات البحرية الجميلة.

In the fall, The Friends Schools chose new uniforms for all their students. The new uniforms were chosen by a uniform committee comprised of teachers from both schools. The uniform is unisex with slight differences for pants and shirts. A fashion show was held to introduce the new uniforms and remember with fondness some designs of the past.

Lara, Dia', Amal, Abeer and Iba' are all wearing the first uniform which was worn for 40 years from 1940 to 1980.

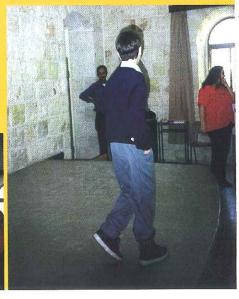

Shourouk, Abeer, Iba' and Lara are wearing a style begun when Nancy Nye was Principal. These were worn from the 1980's to 1998.

My School Play by Deemah Totah 3rd grade

My class and I are going to do a play for Christmas. It is about Jesus and I will be the angel. I will say: "Fear not, for behold, I bring you good tidings of great joy which shall be to all people. For unto you is born this day in the city of David a savior which is Christ the Lord. And this shall be a sigh unto you: Ye shall find the babe wrapped in swaddling clothes, lying in a manger."

JERUSALEM

2nd Grade Trip to Jerusalem By: Mr. Allyn Dhynes

This past February, FGS 2nd graders, their teachers and a few volunteer mothers took a trip to Jerusalem or "Al Quds as it is known in Arabic. This was the second annual visit that has been organized. The teachers were joyful to be able to bring the children to see the Holy places.

Our first destination was The Dome of the Rock. Along the way, we passed by The Khalidi library. The library was pointed out to us by Mrs. Salma who is related to the Khalidis. This Library holds ancient Arabic and Islamic manuscripts and is highly regarded for the scholarly heritage it represents.

We proceeded to visit the Al Aksa Mosque and the Islamic Museum which fascinated

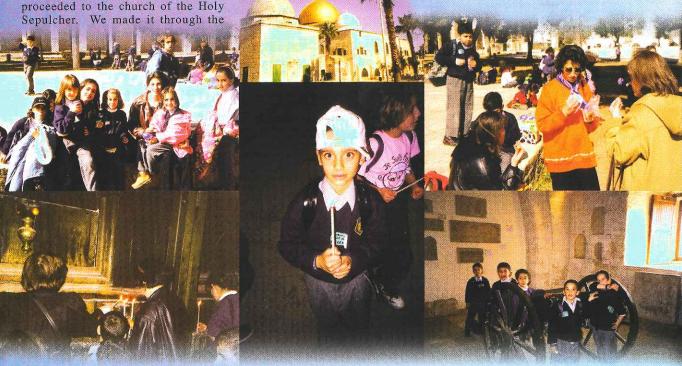

the children. In the Al Aksa Mosque a man gave the children a lecture about the history of the Mosque. We then ate our lunch and proceeded to the church of the Holy كاه يوم الخميس، وقد تكبنا الباص الساعة الثامنة و النصف ، توجعنا إلى هدينة القدس لنرك آثارها الجميلة

والصحة ،ولمدستي دوام التقدم والنجاح.

alleyways of the "Old City. When we finally reached the church the children lit candles inside. They had much to contemplate as tourists waited to go into the tomb. While in the church, a little adventure occurred as we tried to find the bathrooms to appease 18 restless children who couldn't hold it anymore. For the teachers, perhaps the highlight of the visit to Jerusalem were the visits to the Al Aksa Mosque and the Church of Sepulcher, but the lingering feeling of frustration at being visitors in their own land is what tempered the joy of the moment

What does "Friends" mean to me?

by Spiro & Khoury Rizek, read by Dima Khoury

It means years of friendship, love and warmth. When I was a "friends" student for twelve years, I always had a sense of belonging. I also used to feel that within the "Friends" community, there was always a special and warm atmosphere that engulfed only whoever had contact with the school; whether they were teachers, students or workers.

As a student of "FBS", the years that passed were full of challenge. Our teachers were extremely giving and always encouraged competence between us without creating any grudges. I always felt that I was blessed to be a member of the "Friends" community. The school and the campus were unique in comparison to other schools. That is why I was always and still am very proud that I was a "Friends" student.

Attending Friends Schools has been part of our family tradition for generations. My grandparents on both sides, my parents, and my uncles and aunts all graduated from these I am a fourth schools. generation Quaker and a fourth generation student here at the Friends. What we value in this tradition is that Quakers don't only educate us to be scholars. but also to be better people and to make our world a better place to live in. The motto of the schools has been "Each for the other and all for God,"

"FRIEND"SHIP CLUB

The Friendship Club by Allyn Dhynes

This school year saw the beginning of a new club at FGS, "The Friendship Club. The club is a voluntary conflict resolution club open to 5th and 6th graders.

The club's main purpose is to explore ways in which kids can respond to potential conflict situations in a non-violent manner. It also provides a bonding experience for the students involved as well as being a self esteem builder. In the club, we deal with themes such as "every person is special and unique, all people are to be respected, and "diversity and differences bring flavor to our lives.

We also learn mediation techniques, build listening skills, discuss the importance of cooperation and learn how to calm one self down when faced with anger.

The group currently consists of six ten and eleven year old girls. Every meeting usually results in stimulating discussion as the students have valuable insights to offer and are forming friendships. discussion gives them opportunity to see that anger leads nowhere. With time hopefully we will learn to overcome anger with constructive and healthy alternatives that will attack and solve the problem and not hurt the person

PLANTING SPRING FLOWERS

ATree;

A Poem by Sari Sansur, 6A

If I were a tree, I might fall in a bigstorm
If it is winter, I will lose some leaves off me
In the spring, I will grow flowers
and I will grow fruits in the summer, and the
If another storm comes, I will be mad, mal
Maybe I will die or get very old
They may cut me down and make me die
But now I'm alive and it is nice.

ETHICS AND WHITE GIFTS

The Friends School Motto: "Live each for one another and all for God.

Quakers and Peace - Contributed by Debbie Fine

We actively oppose all that leads to violence among people and nations, and violence to other species and to our planet.

Refusal to fight with weapons is not surrender.

We are not passive when threatened by the greedy, the cruel, the tyrant, the unjust. We will struggle to remove the causes of impasse and confrontation by every means of non-violent resistance available.

We must start with our own hearts and minds.

Together let us reject the clamor of fear and listen to the whisperings of hope.

(Mrs. Debbie, once an FGS teacher, returned to us after more than fifteen years to be Assistant Director. She is now overseeing curriculum development and using her teaching expertise to encourage and strengthen the quality of learning at FGS.)

White Gifts

Every year the Friends Girls School undertakes a project to raise money to give to needy families in and around Ramallah during the holiday season. This year was no exception. Grades one through six sold cakes, pastries and other healthy food on every Saturday during the first Semester. This year 6000 MIS were raised and were given to forty needy families. This added up to around 150 NIS per family. The White Gifts program
